WACK-O-PHONE (THE MEDIUM ONE)

This bag has nothing to do with phones. In fact it is for computers. But let's not get distracted. **WACK-O-PHONE** is a term, in historical and sociological circles, for the practice of "mooning". Let's make that clear: **WACK-O-PHONE** means "let your crack hang out". The bag allows you the same freedom for carrying your notebook. It is a large bag with every component you need for trouser dropping frenzies.

Features: Heavy Duty Padding; Multiple Internal Zip Pockets; Padded Shoulder Strap; Escape hole for audio or communication devices; Quick release Buckles and Laptop stabiliser.

But it's your bag. Features: Heavy Duty Padding; Multiple Internal Zip Pockets; Padded Shoulder Strap; Escape hole for audio or communication devices; Quick release Buckles and Laptop stabiliser.
