We've gone for the little checks this year. (Except, of course, for the irresistible big checks on the right). So you don't get confused: the big cheques are in your mail, the little checks are on your shirt. . . . 100% cotton, short sleeve, single pocket, yarn-dyed. They've got the fitted feel around the waist and sleeves; the button front look and a hidden button-down collar. Dress them up, dress them down. There's no rules in this game of checkers.
